Software Pricing

Software Pricing is per Computer Network "User" as defined in the above table. The optional software modules (eg, Job Cost Estimating) require the Base InterAcct as well, and are purchased based on the number of base Network Users. Prices are all ex GST.

+ Annual Support Pricing

Yearly support is calculated at 20% of purchase price, with no CPI annual increases. Support is reduced by 30% after 3 years. For example a single User (with just the base InterAcct) would be (\$1,500 x 20%) = \$300

+ Implementation & Training Budget

The (Number) denotes the estimated min/max hours of Implementation & Training required in the budget per installation / module (not per User). Implementation / training "Advanced" is currently charged at the average rate of \$180 per hour, prompt payment incentives available.

- Training is entirely at your discretion.

Payment Plan Options

1. Software + Annual Support License on installation day.
2. For systems of 5+ Users
 - a. Monthly Payment Plan. Software + Support divided by ten, for eleven months.
 - b. Monthly Rental Plan. Software + Support cost of 4% a month ongoing, initial deposit of 20%
 - c. Cash Flow Plan. Software + Support + all hourly services + 6% flat interest over 36 months, initial deposit of 20%

Please Note: InterAcct Software systems are only supplied under the terms within the "Products & Services" Agreement.
